

Bloom

What is Bloom?

Bloom is an 8-week course designed especially for girls, ages 12 to 15 years, in which they will work as a team to create and produce their very own magazine!

Together, the girls will create their own company, and will have the roles of photographers, editors, writers, models, make-up artists, and stylists of the magazine.

At the end of the course, the girls will each have their very own printed copy of the magazine, which will showcase all of their hard work and talent!

Benefits of Bloom

- ◆ **Building Self-Confidence**: Through activities, mentorship, and leadership development, the girls will learn the fundamentals of responsibility, ownership, and the keys to encouraging self-confidence.
- ◆ **Building Character**: By allowing the participants to serve in the behind-the-scenes tasks of executing the magazine, they will learn the importance of working together and sharing the spotlight.
- ◆ **Skill Development and Mentorship**: Participants will meet and work with industry leaders while creating the magazine, thus gaining hands-on experience in a variety of exciting professional career areas.
- ◆ **Building Friendship and Teamwork**: The environment of the program is one of unity, empowerment, and cooperation.
